

Dear Hiring Manager,

I'm based in Utah and have been looking around at digital marketing companies in the area, and SearchBloom stood out to me as one of the better companies in the state. I know the position is fully remote, but I like having that Utah connection and having something in common with the people I work with.

I've spent the last several years working in SEO, content, websites, and digital marketing, so the SEO Content position seemed like a natural fit for me. I've worked across SEO and content, along with websites, email, paid advertising, and lead generation.

I'm comfortable working independently and figuring things out as I go. If something isn't working, I'll dig into it. If there's a better way to do something, I'll look for it.

I'd love the opportunity to join SearchBloom, work with a good team, and help create content that performs well in search and is genuinely useful to the people reading it.

Best,

Heber Ahlstrom
